maintained based on animal specific needs.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

Monitor and observe animal behaviors and wellness routinely and report to onsite personnel
Complete animal working sessions to include body inspections and assessment of animal's wellbeing (behavior and health)
Engage with animals through working sessions rehearsing and executing multiple behaviors to be performed in open water
Record information about each session and the animal's performance
Perform feedings and administration of food supplements
Assist with basic animal husbandry
Provide diving support to operations (to include enclosure inspection and maintenance)
Support fish house operations to prepare individually formulated rations designed to meet each animal's specific need
Operate a variety of watercraft
May be trained to become a designated secondary handler for specific animals
Perform tasks related to the care and training of marine mammals for specific marine mammal projects
Deter the presence of nuisance animal while following established processes and procedures
Requires ability to travel with the animal for an extended period of time anywhere in the world, that could potentially include harsh environments and risk locations, within a 72-hour notice

MINIMUM QUALIFICATIONS:

Education and Experience:

Bachelor's degree in Marine Biology or other related field and basic open water scuba diving certification with minimum of one (1) year experience

OR

One (1) year animal training experience and basic open water scuba diving certification with minimum of one (1) year experience and high school diploma (or equivalent)

OR

Operational and navigation experience on small boats (40' or under), USCG license (operator of un-inspected passenger vessels/6pac - 46 CFR 10.467) or higher/U.S. Navy Coxswain's certification, and operational experience using maritime navigational devices and basic open water scuba diving certification with minimum of one (1) year experience and high school diploma (or equivalent)

Skills and Abilities:

Must be able to work flexible hours to include nights, holidays and weekends
Must pass a swim and dive test in addition to having a basic scuba certification
Work well in a team-oriented environment
Excellent written and oral communication skills
Commitment to the safety of the project, team members and animals through embracing safety culture, policies and procedures
