

THE TULALIP TRIBES

Conservation Forester (Open Until Filled)

Job Type: Contractor

The Tulalip Tribes

The Tulalip Tribes publicly announces that Indian Preference in hiring shall apply to Tulalip Tribal job opportunities according to our Preference Code.

DEPARTMENT: Forestry

JOB SUMMARY: The Conservation Forester will support the development and implementation of site-specific off-reservation forest management plans that integrate traditional ecological and forestry knowledge with modern and innovative forestry practices. Coordinate and oversee activities related to forest inventory, data collection, hazardous fuels reduction, invasive species control, and wildlife and aquatic habitat enhancement. Work with contractors and internal staff to ensure project and grant goals are met on time and within budget. Facilitate interdepartmental and interjurisdictional coordination to align land management efforts with broader environmental strategies. Assists in establishing demonstration sites and supports Tulalip’s participation in emerging ecological markets.

COMPENSATION: \$DOE

MINIMUM REQUIRED EDUCATION

Bachelor’s Degree in Forestry, Conservation Biology, Natural Resources or related field.

Master’s Degree in related field preferred
